

POLY SOLV

Extra Strength
Polymer Remover

POLY SOLV is a powerful liquid that dissolves congealed polymers that can cause problems. Highly recommended for sewer plants and also will assist in the removal of polymer deposits on molds and equipment where polymers may be present.

DIRECTIONS

Add **POLY SOLV** generously to problem area. Apply directly and allow time to dissolve polymers. A second treatment may be necessary. Wear gloves and use eye protection.

Health	3
Flammability	0
