

RENEW

Carpet Steam & Extraction Shampoo
Concentrate

RENEW is especially formulated for steam and extraction equipment. It's higher buffered pH is ideal for extra soiled carpets. It is not generally recommended for 5th Generation carpets. **RENEW** contains detergents, builders, and degreasers that quickly penetrate, loosen and dissolve dirt, grease and stains. **RENEW** works in hot or cold water. It also contains conditioning agents that ensure the best cleaning results - even in hard water. **RENEW** is exceptionally low foaming which reduces the need for defoamers in your recovery tank. **RENEW** is safe on all colorfast fabrics and carpet. You should always test **RENEW** on any inconspicuous area first.

DIRECTIONS

Before extracting, vacuum the carpet thoroughly. Remove furniture and other obstruction from the area to be cleaned. Spot clean if necessary. Dilute as follows with each gallon of hot or cold water you add to your extraction cleaning solution tank:

Light Cleaning: 1/2 ounce

Medium Cleaning: 1 ounce

Heavy Duty Cleaning: 1 1/2 ounces

For spot cleaning of high traffic areas, use Omega's **K.O.'D.**
