

RING GO

The Impossible Ring Remover

RING GO removes toilet bowl water ring, rust and gray stains. Use **RING GO** when all others fail. **RING GO** contains a space age liquid pumice ingredient that lets you throw away the pumice stones you have used in the past to remove the ring and gray crustations in the toilet bowl.

THIS PRODUCT IS NOT MEANT TO BE USED AS A BOWL CLEANER it is too strong for daily use. Use only on stains the bowl cleaner will not remove.

DIRECTIONS

It is not necessary to lower the water level when using **RING GO**. Simply squirt **RING GO** onto the bowl ring and wait 10 seconds. Then wipe the inside of the bowl with a swab mop or toilet bowl brush. No scouring or rubbing necessary. **RING GO** does the job.

DILUTION INFORMATION
