

SAFE CLEAN

Acid Replacement Cleaner

SAFE CLEAN is a powerful and completely safe acid replacement cleaning system. It replaces acid and acid blend products to take care of a large variety of cleaning and maintenance problems. **SAFE CLEAN** full strength is a viscous liquid that clings to the surface to be cleaned. This increases dwell time and allows for cleaning of slanted and vertical surfaces. **SAFE CLEAN** is a very safe and easy to use. It is not hazardous, corrosive or toxic.

DIRECTIONS

Use **SAFE CLEAN** full strength or dilute up to 10:1 depending on the type of severity of the cleaning job at hand. Wipe or spray **SAFE CLEAN** on the surface to be cleaned or treated. Let stand for a few minutes. For stubborn soil or heavy build up, agitate with brush or sponge. Wipe with cloth or swab and rinse.
