

SOAK IT UP

Super Absorbent Universal
Spill Pad

SOAK IT UP is a Hi-Visibility quick absorbing spill pad that can absorb up to 12 times its weight in fluid. **SOAK IT UP's** dispenser box has pre drilled holes to allow for easy hanging options. **SOAK IT UP** will absorb all fluids and general spills including oil, coolant, paint, water, blood, acids, bases and other liquids. **SOAK IT UP** is ideal for use with chemicals, bio-fluids or anywhere high visibility is needed to indicate caution or awareness. **SOAK IT UP's** strong bonded layers allow fluid to spread through the material quickly to handle all your leaks and spills. Bonded for strength, will not tear in normal use.

DIRECTIONS

To open, tear along perforation.
