

# SUPER LAVA

Granulated Sewer Solvent  
with Aluminum Chips

**SUPER LAVA** contains ingredients, that when activated by water, generate a sustained heat and agitation that loosens both organic and inorganic matter which clogs drains and sewer lines. **SUPER LAVA** emulsifies and saponifies fats, oil and grease (FOG) and also disintegrates paper and protein matter. **SUPER LAVA** is the most powerful product to unclog sewers and drain lines.

### DIRECTIONS:

**FOR MUNICIPAL LINES:** Shovel 25 pounds of **SUPER LAVA** in the manhole. If larger charges are necessary, dump in 50 pound can. If the sewer system is dry and water is not expected to run through for a reasonable time, pour water down the manhole after **SUPER LAVA** is added.

**FOR INDUSTRIAL APPLICATIONS:** Packing houses, food plants, etc. pour 6 pounds of **SUPER LAVA** into sewer drainage system. Add water if none is present. If sewer lines are larger than 4 inches in diameter, 25 pounds of **SUPER LAVA**.

Health	3
Flammability	1
Physical Hazard	2
Protection	O,B

### Areas of Use:

- \*Apartment Buildings
