

SUPER MEND

Super Adhesive

SUPER MEND is specifically formulated for use on uneven or porous surfaces. Can be used on cloth, leather, cardboard, foam, fabrics, and most plastics. **SUPER MEND** has high solids with a water-resistant bond. It is flexible, has quick tack and has great temperature resistance. Always test in an inconspicuous area prior to use.

DIRECTIONS

SUPER MEND works best at 70°F. Hold can 6 to 8 inches from surface to be covered. Apply an even coat, slightly overlapping on each pass to achieve complete coverage. Avoid adhesive build-up or puddles.

NOTE: After use, invert can and depress spray tip to clear valve and spray tip.
