

U-PAD

Urinal Pad

17.5" x 20.5" x .25
U-PAD - NON U SHAPE

22" x 22" x .25
U-PAD

U-PAD disposable floor mats will make restroom maintenance easier and faster. By positioning **U-PAD** mats under urinals and toilets, any unwanted splashes or drops will be absorbed and the odors they cause neutralized. Utilizing micro-fiber technology, liquids are quickly absorbed and retained within the core. The core will capture 2 ml of liquid for every square inch of material. **U-PAD** mats will protect floor surfaces from stains, discoloration and uric acid damage with a moisture barrier backing. Each mat has a special bottom that prevents slipping or movement. **U-PAD** mats are impregnated with a powerful deodorant to combat and destroy urine odors. When the mat is completely soiled, simply toss it in the trash. No need to clean it, the deodorant will keep odors in check. **U-PAD** mats are available in u shape and non u shape.

DIRECTIONS

Place mats on floor under urinals and toilets. Replace when saturated.
