

URINAL BLOCKS

URINAL BLOCKS clean and deodorize with every flush, lasting up to 1000 flushes. **URINAL BLOCKS** contain powerful surfactants and shelating agents which help it clean along with billions of select bacterial spores to digest odors at their source. The dye lets you know it's cleaning.

DIRECTIONS

No cello bag to throw away; block is wrapped in water soluble film just place **URINAL BLOCKS** in bottom of urinal, so water flows through the block. Replace with a new block when previous block has dissolved.
