

E-Z KLEEN FREE

Odorless Foaming Coil Cleaner

E-Z KLEEN FREE is a foaming, odorless, cooling coil cleaner that is formulated to penetrate into air conditioner evaporator/condenser coils and fins to remove all types of soils. It is safe and easy to use, contains no harsh fumes, no acid, and is non-polluting. **E-Z KLEEN FREE** eliminates the need for high pressure sprayers or bulky tank sprayers. The stream spray allows **E-Z KLEEN FREE** to be dispersed deep into the fins of the coil and the thick foam increases dwell time and enhances cleaning ability. Upon contact with the surface of the coil, this product begins to react and flush soil to the surface. Spray **E-Z KLEEN FREE** evenly over entire coil from the air intake side. **E-Z KLEEN FREE** effectively removes grease, oil and water deposits with no odor whatsoever. Ideal for use in areas where scents and odors of any kind are not welcomed. Increases air flow and unit efficiency to save energy. Helps keep drip pans and drain lines clean, free flowing and odor free. No rinsing required. Dirt and lint washes away with condensate.

DIRECTIONS

PROTECTIVE EYE WEAR IS RECOMMENDED Turn fan OFF. Shake can well before using. Remove matted material with brush or fine comb. Hold can 12 inches from air intake side of coil. Spray coil evenly, being sure to cover entire coil. Turn fan ON. No rinsing required.
