

H2O-Less

For Waterless Urinals

H2O-Less Bowl & Line Cleaner and **H2O-Less Deodorizer** are design for waterless urinals. **H2O-Less Bowl & Line Cleaner** is a concentrated cleaner and drain line maintainer which cleans and removes hard scale and other recrussions that build up on the fixture and in the drain lines. Use on a regular basis for preventative maintenance to remove uratic salts and calcium build up from drain lines in order to keep drains free flowing and reduce odors. **H2O-Less Deodorizer** has a long lasting vanilla scent and is designed to keep waterless urinals clean and fresh smelling. It will not evaporate out of the drain lines so it remains for extended periods of time expending only small amounts each time the urinal is used so it last approximately 1,200 plus uses.

Directions: **H2O-Less Bowl & Line Cleaner** just apply with a sponge or bowl mop. **H2O-Less Deodorizer** add 2 ounces in the trap. For best results keep urinal clean and sanitized with **H2O-Less Bowl & Line Cleaner** which can be use with the urinal without harming the **H2O-Less Deodorizer** in the trap.
