

# JELL STRIP

## Paint & Varnish Remover

**JELL STRIP** is a gel-based paint remover. The methylene chloride free formula is a safer alternative to paint removal. **JELL STRIP** penetrates deep to remove paint, lacquer, shellac, enamel, varnish, labels, carbon deposits, silicone, simulated wood paneling and similar materials from all surfaces. Washes off with water or solvent. **JELL STRIP** is safe to use on metal, brick, ceramic, wood and tile surfaces. Clings to all vertical surfaces.

**DIRECTIONS:** Shake well before using. Holding can 8-10 inches from surface to be treated, apply a medium to heavy coat on surface as needed. A thicker application will speed up action. Blistering will occur in three or four minutes, but may take up to twenty minutes, depending on material being treated. Allow product to complete blistering before removing.
