

# Pipe Bond Kit

Water Activated Fiberglass Wrap  
Pipe Repair

**PIPE BOND KIT** is a strong, permanent and economical repair. Works on virtually every kind of pipe and hose. It's an easy alternative to traditional methods such as cementing, soldering, welding, sleeving and replacement. Works on wet, dry, clean, dirty or corroded pipes. Even works under water...salt or fresh. **PIPE BOND KIT** can be use to repair copper, rubber, plastics, fiberglass, pvc pipe, galvanized, concrete, etc. Safe for drinking water system repairs. Has a strong 600 PSI. Conforms to a standard water main pressure test. Withstands temperatures up to 425°F. Ideal for emergencies and frozen pipe breaks. **PIPE BOND KIT** is impervious to water, oils, chemicals, solvents and acids.

**Directions:** Fast and Easy, apply epoxy putty, immerse wrap in water, wrap pipe tightly and squeeze and twist. Cures in 30 minutes. See Instruction sheet for further details.
